October Right of the Month

Medicare and Medicaid/Grievances

Resident in facilities that participate in the Medicare and/or Medicaid programs are entitled to assistance in applying for and using benefits under those programs. You have the right to speak up about grievances and have them responded to promptly and fairly. All residents have the right to voice concerns/complaints spoken or written, information on how to file a grievance, a timely response by the facility and to be free from any pressure intended to discourage you from voicing concerns/complaints.

CHAPLAIN'S CORNER

I've always heard, "Nothing stays the same." Now, here we are, already in October and normally, you would think it would be cooler! I'm ready for that kind of change! It's also true for our physical life and it's true for our spiritual life. Change happens. Things never stay the same. May we strive for change that is for the better.

Bro. Tal

ATTENTION FAMILIES!

When you are swapping out seasonal wardrobes or bringing in a newly purchased clothing item, please take a moment to make sure the resident's name is placed in their clothing to prevent it from becoming a missing item. We appreciate your participation!

We're excited to announce our new IN2L (It's never to late) program has made

skype available for all our residents and their families. If you are interested in using this feature to visit with your loved ones please contact the activities (Diane or Brittany) department at (601)732-636
