January Right of the Month:

**Dignity and Respect/
A Safe and Clean Environment**

You have the right to dignity and respect in the care you receive and the setting you live in. This includes the right to be treated as an individual, be protected from any form of abuse and to be free from restraints. You have the right to live in and receive care in a residential setting that is homelike, safe, clean and comfortable.

CHAPLAIN'S CORNER

Happy New Years to you and your family! January is a time for new beginnings. The Bible says that God makes all things new. And so, it just makes sense to start this year off with the One who made us and loves us. May the Lord bless you and keep you in His Grace.
