October Right of the Month: Medicare and Medicaid/Grievances

Resident in facilities that participate in the Medicare

and/or Medicaid programs are entitled to assistance in applying for and using benefits under those programs. You have the right to speak up about grievances and have them responded to promptly and fairly. All residents have the right to voice concerns/complaints spoken or written, information on how to file a grievance, a timely response by the facility and to be free from any pressure intended to discourage you from voicing concerns/complaints.

CHAPLAIN'S CORNER

As I write this morning, it is drizzling rain, fall is in the air, and we have had a break from the heat. It feels better, but the ole virus is still around.

It seems that is the way life is. We can always find things that are bad, but praise God, there are good things too! I pray that we will be able to see the good in this life as our God carries us through the bad.
