March Right of the Month:

Advanced Directives

You have the right to use advance directives to guide your care in the future. There are two types of advanced directives. A durable

power of health care or a health care proxy lets you give someone else the power to act on your behalf, if the time comes when you can no longer act on your own. A health care directive (living will) lets you say what kind of care you would or would not want as you near the end of your life.

CHAPLAIN'S CORNER

Springtime is coming and praise the Lord! We need some new things to come our way. We've had enough Covid and we've had enough ice. That didn't take long!!

I am thankful that no matter what is going on there is something we can have that is always new. The Bible says that God's mercies are new every morning. Fresh forgiveness! Unending love!
